

Get A Great New BUPA Plan For Free And At The Same Time Solve Prison Overcrowding!

You're a sick senior citizen and the government says they are going to sell your house to pay for your nursing care.

So what do you do?

Our tongue-in-cheek plan gives anyone 65 years or older a gun and 4 bullets.

You are legally allowed to shoot four politicians.

Of course, this means you will be sent to prison.....

Where you will get:

- Three free meals a day;
- A free roof over your head;
- Central heating without paying for the high cost of electricity and gas;
- Air conditioning
- ...And all the health care you need!
- Need new teeth? No problem

- Need glasses? That's great and you won't need Specsavers
- What about a new hip, knees, kidney, lungs or heart? They're all covered
- As an added bonus, your kids can come and visit you as often as they do now.

And who will be paying for all of this?

It's the same government that just told you that they cannot afford to pay for your nursing care.

And you can get rid of 4 useless politicians while you are at it.

Plus, because you are a prisoner you don't have to pay income tax.

Is this a great country or what?

Now to the 2nd part of this imaginary plan... What are we to do with all the prisoners?

Well... simple, they receive real punishment for their crimes - They are put into the very nursing homes you were made to live in ...and their homes are taken to pay for their accommodation and food!
